SYLVAN

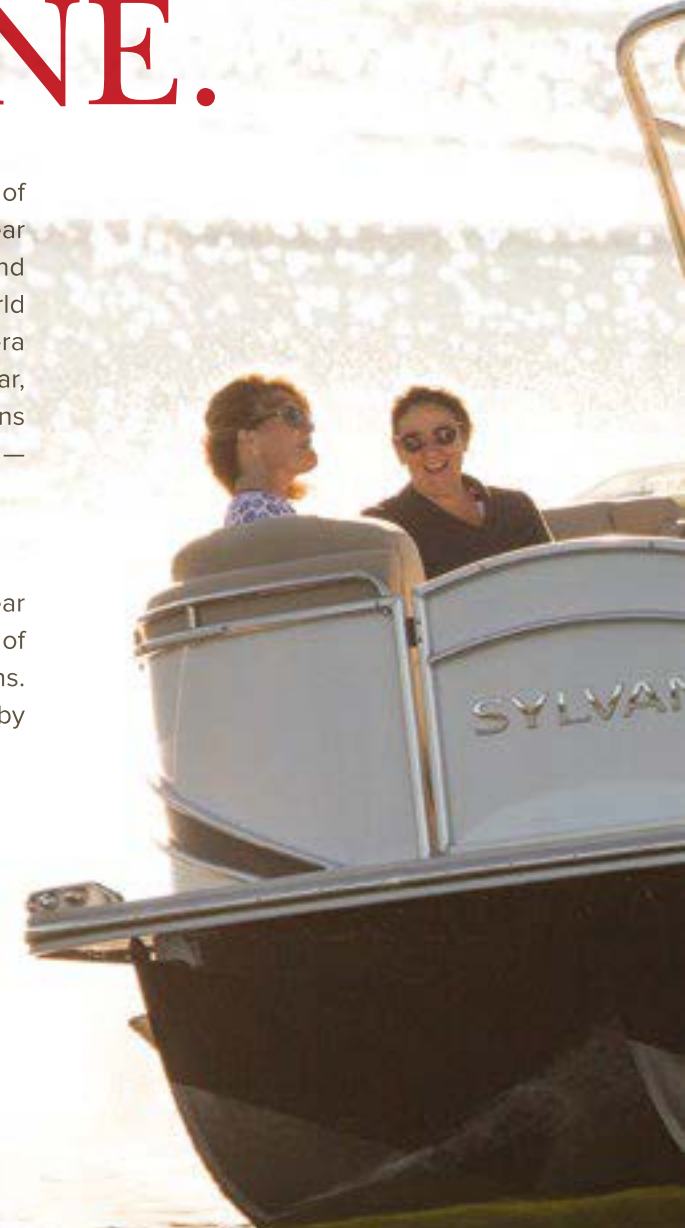

Welcome to
SYLVAN MARINE

PARTY ON PLANE.

With RPT, Revolutionary Planing Technology, Sylvan launched a new generation of pontoon performance and watersport excitement. The revolution continues this year with more tube configurations that let you pump up the horsepower and dig and pivot with sport boat handling. Sylvan also leads the way with the latest real-world technologies, including Murphy Touch Screen System, the Biggie Vision Camera System, contemporary LED lighting and Bluetooth® connectivity. And this year, Sylvan continues to lead the way in giving you more choices of innovative floorplans and outstanding features packages. It's pontoon comfort that's built for speed — exclusively from Sylvan.

A TRUSTED BOAT BUILDER SINCE 1948.

Sylvan Marine traces its history back to the late 1940s, when it was founded near Sylvan Lake in Wolcottville, Indiana. Since 1970, the Sylvan brand has been part of Smoker Craft Inc. and continues to be known for high-quality, innovative pontoons. You can count on Sylvan for the best pontoon values for every budget — backed by the very best service and warranties. After all, it's our family's tradition.

BACKED BY PEACE OF MIND.

- Limited lifetime warranty on deck, tubes, transom and structure
- 6-year warranty on all components, carpet, upholstery and electronics
- All parts and labor
- Transferable to second owner

COMFORT AT THE CORE

Let's face it, if you weren't looking for luxurious comfort on the water, you wouldn't be looking at a pontoon. That's why at Sylvan, we're constantly striving to deliver a true contemporary living room experience. Want to share a romantic sunset for two? This is your pontoon. Want to serve lunch for 12 between swimming and skiing? This is also your pontoon. Our innovative, flexible floorplans help you choose the layout that best fits you. And our plush, overstuffed loungers and helm chairs cradle you in luxury, so the hassles of the world simply melt away.

OUR STRONG FOUNDATION

In pontoon construction, it's the things you don't see that add up to better performance today and durability that lasts for years. In every aspect of a Sylvan, you'll find better materials, stronger designs, more fasteners, and more points of reliable fusion. All to give you the ultimate peace of mind.

Game-changing Sylvan performance rides on RPT Revolutionary Planing Technology tubes. The "V" shape allows the pontoon to lift and plane across the water with sportboat-style speed and handling. In fact, you get increased top speed per horsepower and dramatically improved fuel efficiency — which is perfect for great days of tow sports and cruising.

RPT NOSE CONE CONSTRUCTION

- 1 NOSE CONE STRUT
- 2 4PT FUSION ON RISER BRACKETS
- 3 .100 GAUGE ALUMINUM NOSE CONE
- 4 INTERNAL BULKHEAD
- 5 NOSE CONE RIBS
- 6 FULL LENGTH KEEL

A CONSTRUCTED FOR ENDURANCE

$\frac{3}{4}$ ", 7-ply pressure treated plywood through-bolted and screwed to the hat channels to create the strongest seams in the industry.

B HAT-CHANNEL CONSTRUCTION

It all begins with .250 (heavy) and .125 (standard) gauge aluminum hat channels that are 6" wide and secured with 8 bolts spanning across our 6" wide deck risers. This creates the widest base in the industry and gives our pontoons greater stability without adding unnecessary weight. Combine that with a .190 gauge aluminum transom that's through-bolted with up to 20 bolts and footed deck risers that prevent tube fatigue, and you see why Sylvan backs its industry-leading construction with a Limited Lifetime Warranty on every product.

C FENCE AND RAILING

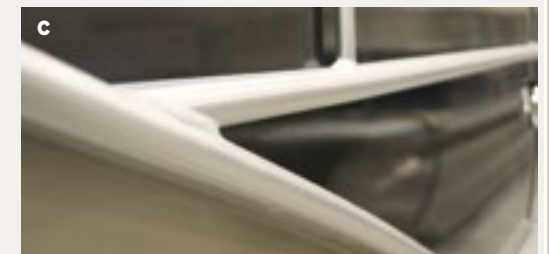

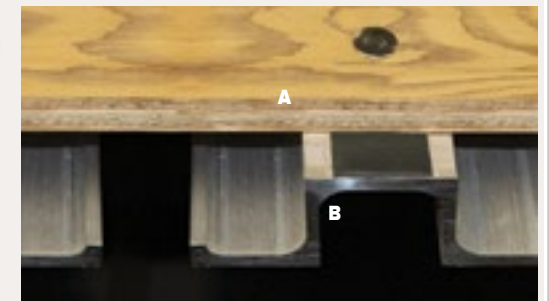

Features foam backing to prevent rattling and fully welded and anodized railing to add strength. Anodized welds are never painted. It's all backed by a 6-year warranty.

D THRU-BOLTED TRANSMOM

Made of up to .190 gauge aluminum and supported with up to 20 stainless bolts to handle today's higher horsepower engines.

E 4PT DECK TO HULL FUSION

Sylvan deck brackets have 4 points of fusion for an extended area of contact with the tube. In addition to providing increased strength and support, this reduces frame twist and racking in rough water and guards against tube fatigue.

SEATING OPTIONS

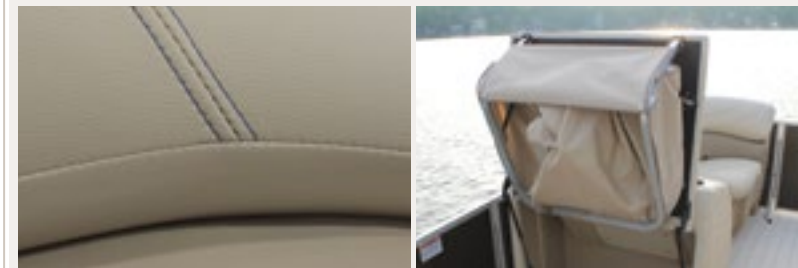

Because you're the best judge of what seating options best fit your lifestyle, we give you more ways to experience plush, luxurious comfort. From bar stools to sundecks, you choose the perfect combination.

FURNITURE CONSTRUCTION

In addition to our UV stabilized, marine-grade vinyl upholstery, Sylvan pontoon furniture features durable rotocast base construction and stainless steel fixtures. The one-piece enclosed designs provide for dry underseat storage with a moat system that directs water away from the furniture.

- Impeccable stitching
- Durable changing rooms
- Integrated cup holders
- High-density foam
- Soft-touch vinyls
- Rotocast plastic seat bases
- Double-hinged seats

UPHOLSTERY

Our seating uses only the finest quality marine-grade vinyl with the added durability of biocide-treated foam, automotive-grade pigments and a stain resistant topcoat. Luxurious comfort and unmatched durability — it's the best of both worlds.

TODAY'S TECH, ON THE WATER

At Sylvan, we are committed to driving pontoon innovation by incorporating the latest real-world technologies. It starts with superior designs and state-of-the-art manufacturing processes. And it extends to helm technologies, entertainment features, contemporary lighting and much more. In short, a Sylvan pontoon provides the ultimate user experience.

MURPHY TOUCH SCREEN SYSTEM

Select Sylvan models are available with state-of-the-art navigation, critical engine information and advanced entertainment controls at your fingertips. Highlights of the Murphy Touch Screen control system include:

- Displays for all gauges and engine functions and air/water temperatures
- GPS with chart plotter and compass heading
- Stereo remote with Bluetooth® and three video inputs
- Controls for all exterior/interior accent lights
- If applicable, controls for freshwater pump, bilge pump, refrigerator and power bimini top

ILLUMINATE

Sylvan's advanced LED lighting both enhances your pontoon experience and offers additional safety. Choose from a wide selection of standard and optional lighting, from Babbito underdeck and underwater lighting, to interior courtesy and mood lights, to lighted cup holders and more.

POWER

At Sylvan, we are proud to offer the marine industry's top engine brands—each with a long heritage of innovation and technology. From computer-controlled fuel injection and superchargers to incorporating materials developed by NASA, our engine partners feature the latest in power propulsion and performance.

We're proud to partner with the industry's leading companies, providing you with the engine reliability you need.

BIGGIE VISION CAMERA SYSTEM

Our exclusive 3-camera system enhances safety by providing a view of activity behind the boat during swimming and watersports and eliminating blind spots while docking.

CHOOSE YOUR ADVENTURE

The way we see it, giving you more freedom of choice means giving you more freedom out on the water. That's why virtually every aspect of a Sylvan pontoon can be chosen to create a boat just for you. From our wide range of floorplans and durable flooring options, to our extensive features packages, the adventure begins when you design a dream pontoon that's tailor made for your lifestyle. When it comes to customization, we've got you covered.

FLOORPLANS

With dozens of exciting floorplans, there's a Sylvan that fits the size of your party and the way you spend time on the water.

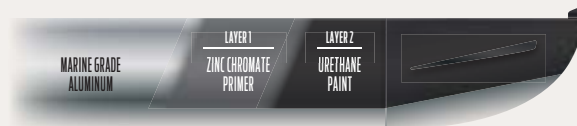

COLORS

From panel colors and graphics to interior accents, Sylvan gives you the freedom to customize a color scheme that reflects your style and personality. Want to go for the bold? We've got it. Prefer refined elegance? It's all up to you.

The Mandalay and S-Series give you the choice of standard or painted tubes, which combine zinc chromate primer and urethane paint to chemically etch into the aluminum, forming a corrosion-resistant surface.

See page 29 for all of your color options.

FLOORING

Whether you're looking for luxurious carpet or easy-to-clean vinyl, Sylvan gives you the ultimate selection of colors and styles to complement your boat's interior and provide years of durability.

See page 29 for all of your flooring options.

PERFORMANCE PACKAGES

To help deliver best-in-class performance at every level, we've assembled some very impressive packages that meet the needs of all types of water and boating styles. Whichever you choose, keep your pontoon's showroom looks with the painted tube option. A combination of zinc chromate primer and urethane paint chemically etches into the aluminum to form a corrosion-resistant surface.

MIRAGE FISH

Packed with amenities, the Mirage Fish series combines the excitement of a sporty cruiser and the convenience of a well-appointed fishing boat in one beautifully equipped pontoon. Step up to a pro-level fishing experience with a deluxe fish center and easy-access dual stern gate layout. Attractive flooring and panel color options let you design a custom look, while the extended deck option allows for additional seating and additional crew. Weather and spray won't dampen the fun with the contoured fiberglass helm ready to keep the captain dry and happy.

MORE WAYS TO CREATE
THE PERFECT EXPERIENCE.

At Sylvan, we know that you have your own style on the water — your favorite activities and your favorite people to share it with. That’s why we offer not only great standard features and packages, we give you the ability to outfit your pontoon with outstanding optional comforts and amenities. It’s all designed to put you at the helm of a better pontoon experience.

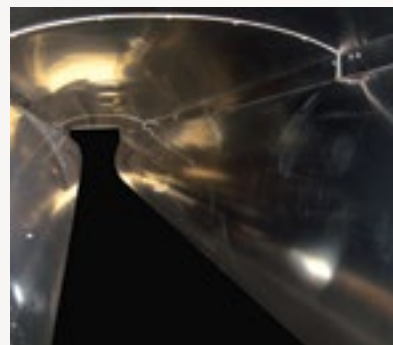

MURPHY TOUCH SCREEN
 Select Sylvan pontoon models are available with a Murphy Touch Screen control system, putting a wide range of features at your fingertips.

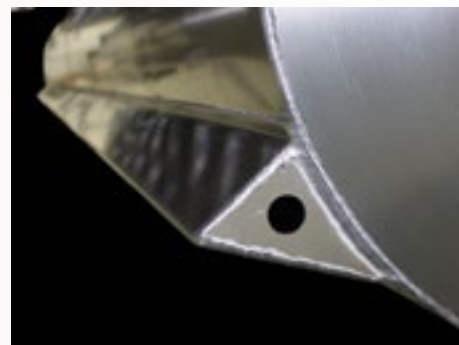

HUMMINBIRD™ GPS/FISH FINDER
 Add an optional Humminbird GPS/fish finder to the console to give you the advantage of a state-of-the-art sonar unit.

RPT TUBES
 Better fuel efficiency and quicker planing for better performance with lower HP and a smoother, drier ride.

PERFORMANCE SHIELD
 Made with tough .060 Marine grade aluminum, this optional liner improves water flow and fuel economy.

PERFORMANCE STRAKES
