Relax, It's A
SYLVAN

1996 Aluminum Boats

THE MOST
RELAXING
PLACE YOU'LL FIND
IS INSIDE A
SYLVAN BOAT

Few activities are as relaxing as boating.

In the tranquil stillness of dawn, quietly drifting in the middle of a lake brings such a soothing serenity you almost don't care whether the fish bite or not.

It's even relaxing when you and your friends are zooming full tilt across the water, having a grand smile-filled time. Your everyday worries are left in your wake, replaced by a joyous exhilaration that puts your mind at ease.

And as the day winds down, with the water sprinkled with gold from the setting sun, you take your family for a leisurely cruise. The boat sways gently, the waves sparkle in the warm sunlight, your children smile with innocent delight; contentment flows over you, and you're at peace with the world.

Boating is meant to be relaxing, and Sylvan boats are designed to let you enjoy each relaxing moment to the fullest. Inside and out, Sylvan builds boats that are solid, long-lasting, comfortable and safe. So every time you head away from the pier, all you and your family have to do is relax and enjoy.

For example, our rugged hulls are made with a seamless, one-piece bottom for superior hull integrity. Our aircraft-style double riveting process means greater stress-flex. The five keels along the bottom provide longitudinal strength, increased stability and superb maneuverability; plus they protect your hull in case you happen to run aground.

The amenities inside your Sylvan make it easy to unwind. Plenty of lockable storage space, comfortable seating with pinch-proof hinges, consoles with easy-to-read gauges, and padded gunwales are just a few of the pleasing features you'll enjoy.

Something else you'll enjoy are the compliments your Sylvan boat will receive from everyone on the lake for its sleek profile, eye-catching exterior graphics and bright, attractive interiors. In fact, about the only problem you'll have with your Sylvan is finding a fishing spot all to yourself because so many people will be cruising by to admire your boat.

As an independent, family-owned company, we know how important it is for you and your family to feel at ease each time you fire up your Sylvan. That's why we thoroughly leak test every boat we make, and our exacting level flotation tests meet or exceed federal requirements. And we back our boats with warranties that are among the most solid in the boating industry.

Boating is more than just a business to us; it's a way of life. We want to kick back and savor our time on the water safely and comfortably just as much as you. It's the guiding force behind every boat we make, and why we build boats the way we do.

And it's why you and your family can hop aboard, leave the world at the dock and simply relax.

AFTER ALL, IT'S A SYLVAN.

SEE WHY YOU CAN AFFORD

1 Bow deck fully reinforced with XL-10 plywood for mounting trolling motor.

2 Plug-in bow light.

3 (4) Large 6" stainless steel cleats.

4 Deluxe trolling motor panel with plug, motor tilt, courtesy light and dual battery deck. Panel opens for storage and easy access to wiring.

5 (3) Highback custom bass seats with pinch-proof hinges for safety. Custom made with easy-to-clean, long-lasting high grade marine vinyl.

6 (2) Power pedestals for quick, easy seat adjustment.

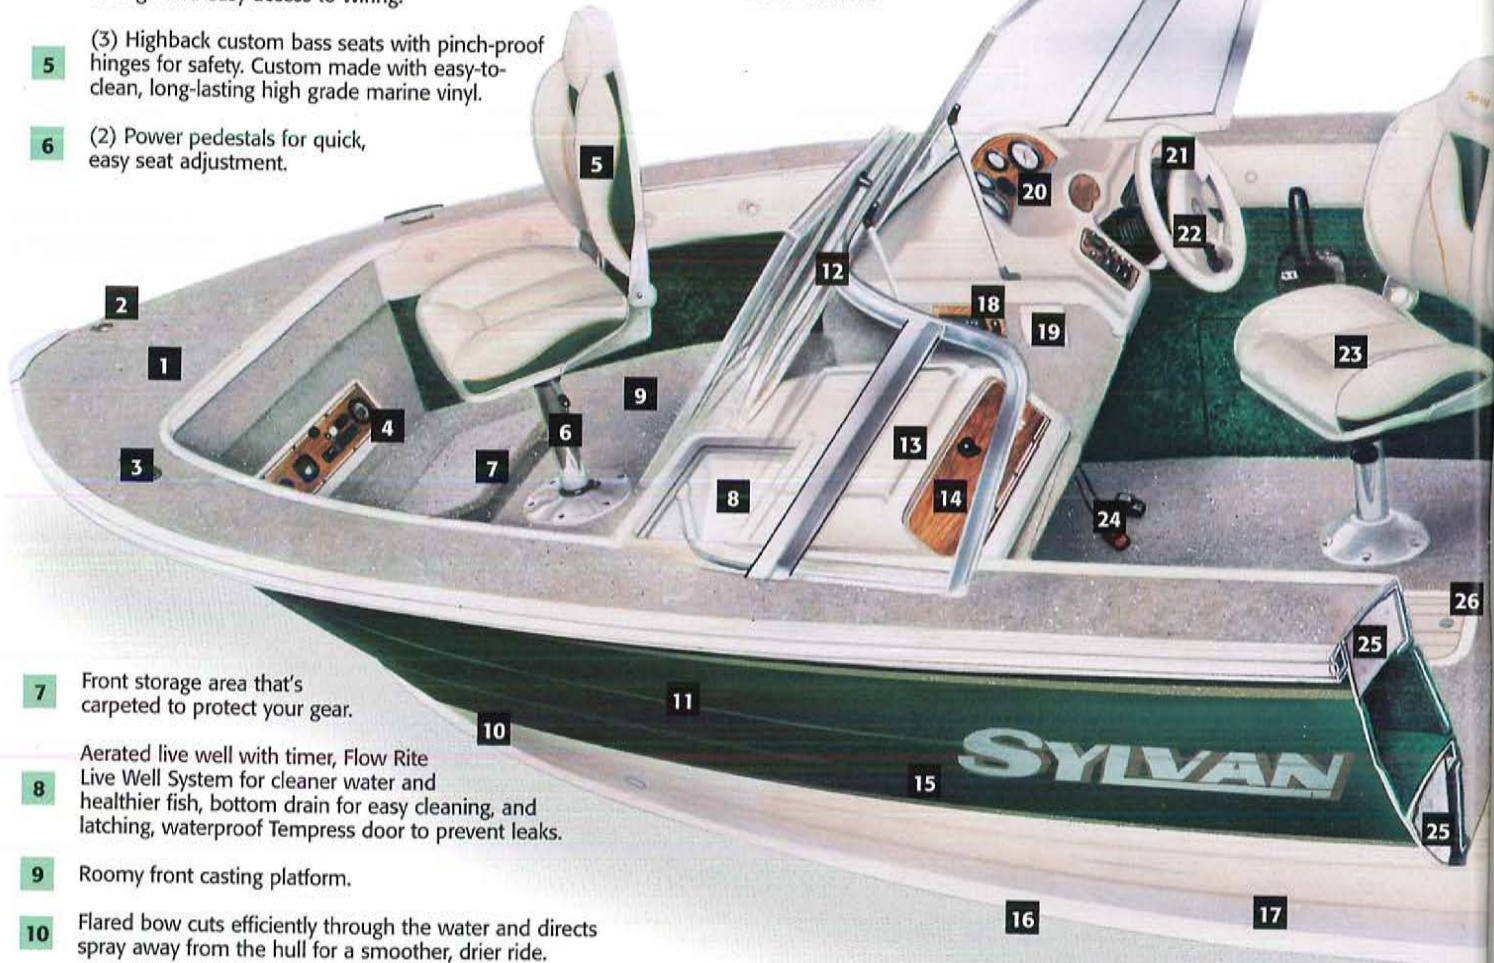

18 Interior courtesy light for safety at night.

19 Convenient flip-up cup holder.

20 Deluxe woodgrain driver's console with tachometer, speedometer, volt gauge and gas gauge, plus plenty of graph-mounting room.

21 Sony AM/FM stereo-cassette.

22 Tilt steering wheel for driver comfort.

7 Front storage area that's carpeted to protect your gear.

8 Aerated live well with timer, Flow Rite Live Well System for cleaner water and healthier fish, bottom drain for easy cleaning, and latching, waterproof Tempress door to prevent leaks.

9 Roomy front casting platform.

10 Flared bow cuts efficiently through the water and directs spray away from the hull for a smoother, drier ride.

11 Two-tone baked-on urethane paint that's scratch-resistant, durable and keeps its glossy appearance for years and years.

12 Attractive curved walk-thru windshield.

13 Convenient console top tackle tray.

14 Large lockable glove box.

15 .086 lapstraked, or curved, sides for extra strength.

16 Rolled-in spray rail provides a dry ride and additional side protection.

17 Spray rail support ties side and bottom together and keeps hull from flexing.

23 Driver's seat with slider to quickly and comfortably accommodate any driver.

24 Battery storage for trolling motor.

25 Deck foam to provide level flotation.

26 Carpeted in-floor storage compartment with plastic door that stands up to any weather condition.

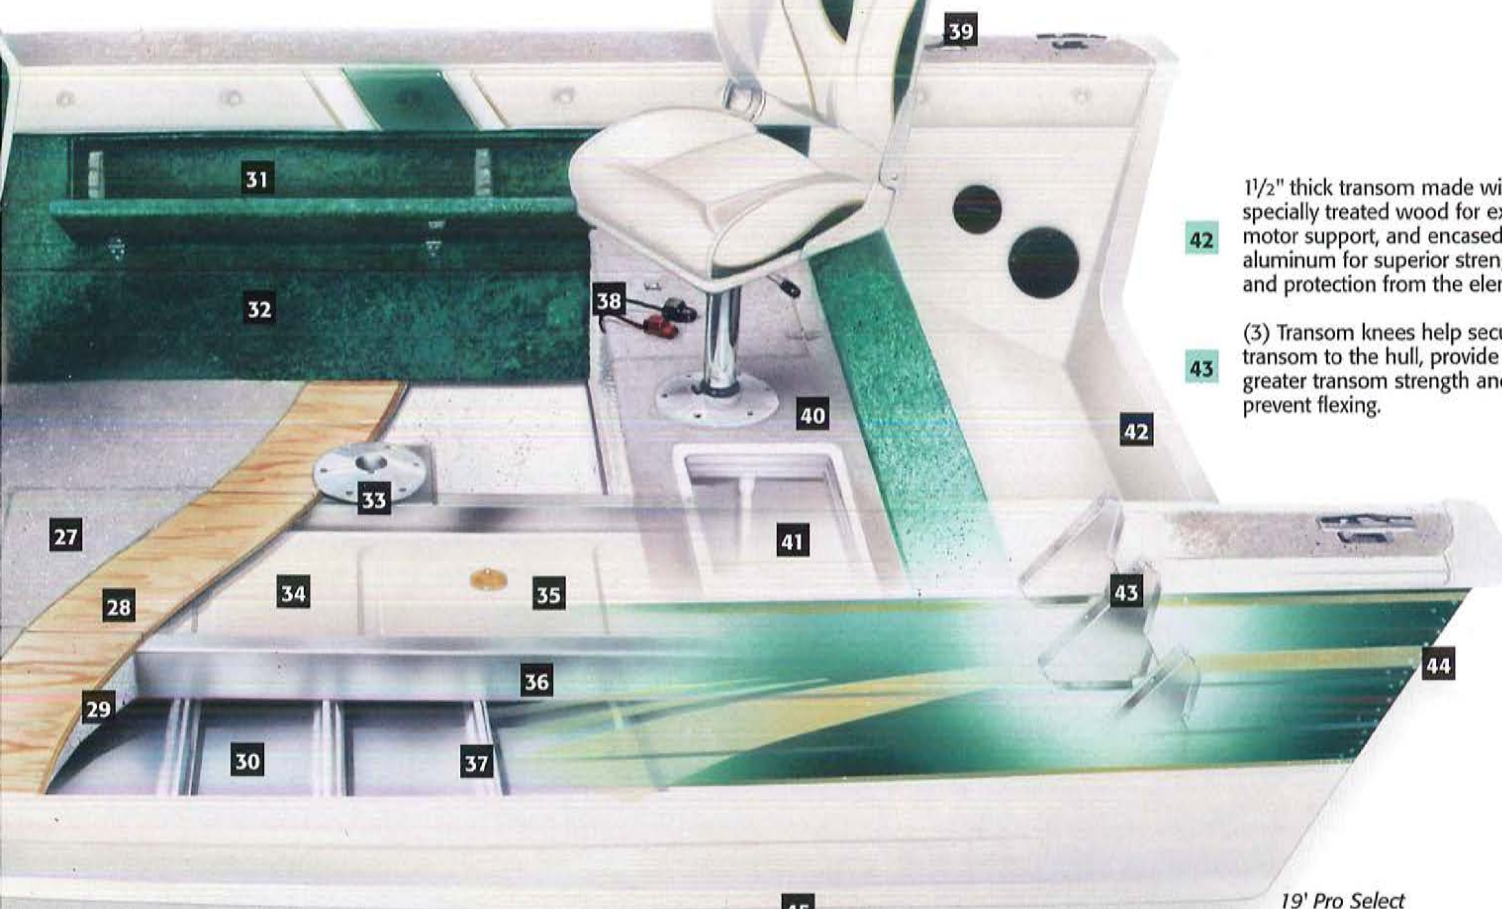

27 Long-lasting, high grade marine carpet is easy to clean, and comes with a five-year warranty for extra protection.

28 XL-10 treated floor won't warp or rot, and has a full 10-year warranty for your peace of mind.

RELAX IN YOUR SYLVAN.

- 29** Poured-in urethane foam beneath floor for maximum flotation, strength and sound deadening.
- 30** Thick .100 gauge bottom is seamless for increased strength and performance.
- 31** Rod storage, with rod holders, that's lockable for your protection.
- 32** Aluminum rod storage lids are long-lasting and won't warp.
- 33** (5) Seat bases reinforced with aluminum for increased stability and durability.

- 38** Convenient battery storage.
- 39** Stern light base.
- 40** Raised rear casting platform for increased fish-fighting room.
- 41** Aerated live well with timer, Flow Rite Live Well System for cleaner water and healthier fish, bottom drain for easy cleaning, and latching, waterproof Tempress door to prevent leaks.

- 42** 1/2" thick transom made with specially treated wood for extra motor support, and encased in aluminum for superior strength and protection from the elements.
- 43** (3) Transom knees help secure transom to the hull, provide greater transom strength and prevent flexing.

- 34** 40-gallon built-in gas tank that's double vented for faster fill-ups.
- 35** Gas tank sending unit with access plate for easy maintenance.
- 36** Aluminum stringer system supports floor and provides structural integrity.
- 37** Rib structure featuring individually shaped, hand-fitted .100 gauge ribs on 10" centers for long-lasting lateral strength.
- 44** Double row of anodized rivets down the side and around the transom for greater stress-flex and durability.
- 45** (5) Keels underneath boat provide longitudinal strength, increased stability, and protect bottom when beaching or hitting obstructions.

CANOES

For backwater country, the 1996 Sylvan canoes are available with both double-end and square-stern styles. The safety construction on every model assures you of the dependability that is the hallmark of Sylvan's reputation for excellence. Double-end models include 15' and 17' canoes. The square-stern model is 16'.

**Be sure you also see our
full line of fiberglass and
pontoon boats at your
nearby Sylvan dealer.**

Sylvan Limited Warranty

Sylvan warrants each new fiberglass hull for a period of five (5) years, and each new riveted aluminum hull for a period of ten (10) years, from the date of purchase by the original purchaser (based on years of use, under normal recommended operating conditions) as described in the warranty folder. A copy of the Sylvan Limited Warranty is attached to each new Sylvan boat, or may be obtained from any Sylvan dealer or the Sylvan factory.

Optional equipment is shown in some photographs used in this brochure. Please confirm standards and options with your dealer. All warranty information is available from your Sylvan dealer or directly from Sylvan Marine. Please write for more information. If you don't find the boat to fit your needs in this brochure, ask your dealer about the other fine boats from Sylvan Marine.

Note: In our continuing efforts to build the best quality boats at affordable prices, it may become necessary during the course of the year to change specifications or materials used in construction. We reserve the right to make changes without prior notification.
