All new for 1987 is the Sylvan Sport Cruiser. Built in the finest tradition of Sylvan fiberglass boats this beauty is what the joy of boating is all about. Fast, sleek and responsive are the first things that will come to mind as you push down the throttle and let her go all out.

Next you'll be caught up in the luxury of the contoured bucket seats. Amazed at the human engineering that went into the design of the cockpit with its full instrumentation package. And best of all, the overall spaciousness will remind you that this boat is fun for not just the owner but for a whole lot of good friends too!

The large companionway entry opens to the cabin interior filled with both indirect and direct light. And continues with the same exciting lines, ingenuity of engineering design and overall feeling of spaciousness that you've now come to expect from Sylvan.

The all new Sport Cruiser from Sylvan isn't just the boat to watch, it's the one to own!

SPORT CRUISER

Some boats are just for fun, some just for fishing and a small handful do both exceedingly well... The Sylvan Sport Fisherman is just such a boat.

The Sport Fisherman combines the high technology of performance engineering with ergonomic design to achieve superlative comfort and handling.

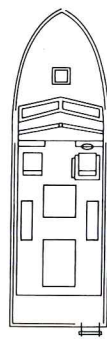

Designed with the fisherman and friends in mind, yet capable of handling a party of people out for a long fun-filled cruise.

Fishing features like a large, open, self-balling cockpit, 100 gallon fuel system, spacious fishing area, ample storage and gracious interior cabin height of 6' 5".

The Sport Fisherman and Sport Cruiser are both new from Sylvan and fittingly deserve special consideration if you're serious about

quality, value and prestige. Relax, it's a Sylvan.

THE SYLVAN STORY

The following excerpts are from an article published by Boat & Motor Dealer. The article outlines Sylvan's emergence in the marine industry.

The entire article is available upon request.

"Harold Schrock is living proof that anonymity is a gift that any industry, no matter how small, can bestow on its own, no matter how large. With a name known only to a handful within the industry in which he has spent most of the past four decades, Schrock was Mr. Starcraft most of the time and now is president of Sylvan Marine.

"Schrock literally grew up in the boat business, having been identified during much of his working life with family business, Starcraft, Inc. Organized by his father, Arthur, a farmer (who died in 1966 at 85), in 1903 as the Star Tank Company, the company for years manufactured steel livestock watering tanks and other livestock feeding equipment.

"For nearly 75 years, the Schrock family has had its roots and Starcraft its headquarters in Goshen, Ind., a small county seat in Northern Indiana.

"Schrock and his family sold out to Bangor Punta in 1966...

"His selling to Bangor Punta was not the first time Schrock had been determined to sell. In the late 50s, during the 1958 downturn, Schrock became disenchanted with the boat business and agreed to sell to Chris Craft for \$1.5 million. Having agreed to that figure verbally with their New York office, Schrock and his attorney went to Pompano Beach headquarters to sign. But they were told by someone there that the figure was actually \$1.4 million, not \$1.5 million, \$100,000 less. Angered by this, Schrock flew home

without concluding a deal. Instead of selling, he decided to make a public offering among Goshen residents and wound up selling 20% of the stock for \$3 million.

"From 1966 to 1969, Schrock continued as president of Starcraft, then a part of Bangor Punta's marine group.

"He decided to re-enter boat building. His son-in-law, John Graff, had acquired Sylvan Industries, Inc., a manufacturer of houseboats and pontoon boats in 1965. Houseboats were dropped in 1968, and the line of pontoon boats expanded. Schrock first acquired from Graff the majority of stock in Sylvan, then a controlling interest in Smokercraft, a line of aluminum fishing boats and canoes. He merged operations of these companies to form Sylvan Marine, and immediately began work on a new line of fiberglass runabouts and deck-type boats.

"Schrock makes clear that his objective in boat-building is not to 'build all the boats in the world,' or even become a large builder, much less 'one of the larger ones.' He explains 'I want to build a good quality boat at a reasonable price. I want to remain a small builder with the volume required to make a decent profit return.'

"Though Schrock has been devoting a considerable amount of his time in the past year or so to Sylvan marine, he has a number of other business interests he actively heads."

10 YEAR LIMITED WARRANTY.

Sylvan warrants each new fiberglass hull and aluminum welded hull for a period of two (2) years and each new riveted aluminum hull for a period of ten (10) years from date of purchase, by the original purchaser (based on years of use, under normal recommended operating conditions) as described in the warranty folder. A copy of the Sylvan Limited Warranty is attached to each new Sylvan boat, or may be obtained from any Sylvan dealer or from the Sylvan factory.

If you don't find the boat to fit your needs in this brochure, ask your dealer about the other fine boats from Sylvan Marine.

Note: In our continuing effort to build the best quality boats at an affordable price it may become necessary during the course of the year to change specifications or materials used in construction. We reserve the right to make changes without prior notification.

Optional equipment is shown in some photographs used in this brochure. Please confirm standards and options with your dealer.

All warranty information is available from your Sylvan Dealer or directly from Sylvan Marine. Please write for more information.
