Creating a great work of art is a challenging process. It takes years of experience, hard work, complete dedication to your craft, and an endless desire for perfection.

Just like paintings or sculptures, family boat building is an art that’s been revised and refined through the centuries. Each generation has improved upon what they learned from the previous generation, then passed the knowledge on to the next, a cycle that continues to this day. While it’s not our style to claim we build masterpieces, we do know how to create a work of boating art that’s just right for you and your family.

Inside and out, Smoker Craft builds boats that are solid, long-lasting and safe. Whether you prefer the gentle relaxation of memory-filled family cruises onboard a pontoon, or the action-packed thrills created by a fiberglass fun-seeker, you’ll find something every family member will appreciate.

Just as every creation needs a frame to display it, our pontoons start with our all-aluminum transom, anodized railings, thick XL50 plywood floors with an anti-vibration seal, and heavy gauge welded aluminum tubes with drain holes at each bulkhead seam. The long-lasting strength of our fiberglass boats comes from several layers of hand-laid woven roving and fiberglass, a stringer system laminated to the hull and encapsulated in fiberglass, and crack-resistant gel-coat.

Appealing features in a piece of art are what make it attractive, and your Smoker Craft is no exception. Inside each one, you’ll find the kinds of practical, intelligent features that make every family cruise a relaxing pleasure. The pontoons include galleys, changing rooms, thick, padded seats and plenty of storage space. Built-in coolers, porta-potties, boarding ladders and easy-to-maintain glass-liner floors are just the start of the amenities on our Sunships and Commanders. Our Alante runabouts feature deluxe consoles, swim platforms, in-floor storage areas and stainless steel ski tow eyes.
Boat Building

All artists produce a distinctive look; ours is readily apparent in the eye-pleasing appearance of each boat. You’ll find an array of family-pleasing colors, vibrant exterior graphics, bright, attractive interiors, and sleek profiles throughout our pontoon and fiberglass lines, all designed to provide you with a boat that will draw compliments from everyone on the lake.

You’ll be able to relax and enjoy those compliments for years to come, no matter which Smoker Craft your family prefers. We thoroughly leak test every boat we make, and our exacting level flotation tests meet or exceed federal requirements. Plus, we back our boats with some of the best warranties in the boating industry, including lifetime warranties on our pontoon decks, tubes and transoms.

While boat building has changed dramatically over time, one thing has remained constant in those who’ve made it an art form: their passion for what they do. It’s a passion that inspires each succeeding generation to create its own contributions and knowledge. And that’s something we know a great deal about, because family boat building is not simply a business for us; it’s our passion as well. Like the two generations you see here: company founder Barney Smoker sharing some design insights with his grandson, Tim, son of our vice president, Doug Smoker.

Just as artists sign their work, you’ll see our name on every one of our boats. We’re proud of the boats we build for you and your family, and since our family name is on each one, we work harder to make sure they’re built right. We want you to appreciate and enjoy what we’ve created for you, so that you can use it as your own canvas to create family memories that you’ll treasure for many years to come.

MERCURY
The Water Calls
Variety

What can so many different models have in common? Your family’s enjoyment, that’s what. Whether you wish to fish or choose to cruise, you’ll find Smoker Craft has the right model for you.

There are fishing seats, livewells and more at your service when it’s time to cast; there are comfortable lounge seats, changing rooms and sun decks when you want the day to last.
Enjoy some fun in the sun. You’ll find everything you need right here, from room to kick back and relax on the cruise packages, to room to stroll while you troll on the fishing packages.

Delight

Your family will love the sporting life onboard a Sunsport.
Friend

Big fun in little packages. Though they’re small in stature, these economical, playful family friends will provide cruise after cruise of enchanting memories. Comfortable lounge seating, movable fishing seats, Roto-Cast storage areas, tables and color-matched Bimini tops lead an agreeable list of family-pleasing features you’ll find available for these eager-to-please charmers. Make it a point to get out in the sun.

WEEKEND PACKAGE OPTION:
Boarding Ladder, Sony CD Player and Console Cooler.

COLORS:
Blue • Red • Sage • Magenta • Champagne

Entertain your crew with the convenient galley available on some models. You'll find the sink, faucet, insulated storage, and gas cooktop provide on-the-water picnic fun.

Keep your pontoon dry with the spacious between the floor and the fence bottom. Water runs quickly off the deck, so your carpet dries faster and prevents musty odors from developing.
Alante Fish-n-Ski Orbit

Make a wake that shakes the lake, or even ride your own wake and blast off into wakeboarding Orbit with these fiberglass joy rides.

---

Your Smoker Craft is designed for a good time. With a built-in cooler, you can bring along your family's favorite refreshments to enjoy when you're not zipping around the lake.

For glass-fiber boats, the optional snap-in carpet installs in seconds, complements the good looks of your boat, and lets you decide when it's time to roll out the carpet.
Smoker Craft Clothing
Complete your boating wardrobe with Smoker Craft shirts, jackets and hats. For more information, send an e-mail message to service@sullivansportswear.com.

10-year Limited Warranty
Smoker Craft warrants each new fiberglass hull for a period of five (5) years, and each new riveted aluminum hull for a period of ten (10) years, from the date of purchase by the original purchaser (based on years of use, under normal recommended operating conditions) as described in the warranty folder. A copy of the Smoker Craft Limited Warranty is attached to each new Smoker Craft boat, or may be obtained from any dealer or the Smoker Craft factory.

Accessories
Smoker Craft offers a wide range of accessories which add function and versatility. Livewells, windshield accessories, side steering consoles and swivel seats with arms are fishing boat accessories available separately. Mooring covers and pontoon furniture covers are other selections available.

The specifications of any Smoker Craft boat are subject to change without notice. Optional equipment is shown in some photographs in this catalog. Please confirm standards and options for all models with your dealer. Information on the Smoker Craft warranty is available upon request. Please direct all inquiries to the Smoker Craft corporate office.

Be sure to ask your dealer about our complete line of fishing boats.
