Welcome to the 2003 edition of Sylvan pontoons, runabouts and deck boats. Our wide selection offers some of the most exciting features in the industry, with values to fit every budget. For five decades, we’ve demonstrated that our top-of-the-line construction and safety features make our boats the kind your whole family can trust. So this year, visit a Sylvan dealer to see these beauties for yourself. We’ll guarantee you that same old lake will never look the same again.
Ten great reasons the decision is easy.

Quality
At Sylvan, we offer many different models to meet many different needs. But at the heart of each and every one is a well-constructed, thoughtfully designed boat that’s built to last. After all, we wouldn’t put our name on anything less.

Service
We believe that customer service begins right here at the factory — with our commitment to our dealer network and our promise to stand behind every boat we build.

Innovative Engineering
When it comes to engineering, the little things add up to a big difference. Ideas like welded tubes, aluminum hat channels, full-length keels, anodized railings and 7-layer fiberglass construction, to name just a few. Simply put, our research and development team keeps Sylvan well ahead of the curve.

Safety
Every Sylvan boat is built to exacting standards set by the U.S. Coast Guard. From flotation and fuel systems to wiring looms, boat beams, depth and freeboard — Sylvan boats are among the safest on the water.

Broad Product Line
At Sylvan, our family loves boating as much as yours does. And maybe that’s why we continue to offer so many different models and product lines. Fishing, cruising, skiing — simply pick your family’s favorite activities and chances are, we’ve got a package that’s perfect for you.

History
When you get a Sylvan, you’re getting the benefit of decades of experience. With many years of research and development. And many years of relationships with the very best vendors and suppliers in the industry.

Resale Value
With thousands of Sylvan boats on the water today, Sylvan is one of the most popular and recognized names in the industry. For you, this popularity translates into higher resale values when it comes time to upgrade.

Financial Stability
You don’t stay in business as long as we have unless you’ve earned the financial confidence of a vast number of dealers, suppliers, employees and customers. Just one more reason to feel good about becoming part of the Sylvan family.

Nationwide Sales and Support
Our nationwide dealer network offers expert sales and factory-authorized service to water-loving families across the country. Visit our web site at www.sylvanmarine.com to locate the dealer nearest you.

Construction
At Sylvan, we’re proud to offer the best construction in the industry. You’ll find the same high level of quality materials and processes across our entire line of boats. From the hat-shaped ribs and raked-back bow design of our aluminum V-hulls to our labor-intensive 7-layer fiberglass construction to the heavy gauge, welded chambers of our pontoon tubes. You can be sure your Sylvan is solid from stem to stern.

---

*Note: Some options may not be available on all models.*

**Grand Package:** 102" Deck, 25" Tubes, Burrohead Wheel, Fiberglass Console Base, Speedometer and Volt Gauge, Transom Upgrade

**Value Package:** Windscreen, Docking Lights in Module, Boarding Ladder, Deck Doors, 30 Qt. Cooler

**Luxury Package:** Windscreen, Docking Lights in Module, Boarding Ladder, Deck Doors, JBL® CD Player, 32 oz. Sculptured Carpet, Single Reclining Helm Seat w/Lumber Support

**25" Tube/Trim System Upgrade:** Will accommodate up to 125 HP
Construction

The evolution of innovation.

CONSOLE
Select models feature our custom-molded consoles with deluxe gauges, and all of our consoles are ergonomically organized, with easy-to-read dials and easy-to-reach switches and circuit breakers. Many of our fiberglass models also feature tilt steering, along with either hydraulic or anti-feedback steering. And, on dual console models, you'll also find beautiful walnut grain and such amenities as a lockable glovebox and molded cup holders.

SEATS
Comfort reigns throughout your boat, thanks to our advanced seats with pinch-proof hinges, contoured bottoms and backs, and resilient foam padding. Our roto-molded, wood-free construction ensures that the seats won't warp or rot.

APPAREL
To complete the package, we offer an exclusive line of Sylvan shirts, jackets and hats. For your convenience, you may order online by visiting our website at www.sylvanmarine.com.
Covers & Engines
And to top it all off.

TOPS, CURTAINS AND COVERS
To help you make the most of your time on the water, we offer a wide range of tops, curtains and covers. For pontoons, the bimini and double tops provide maximum versatility, while the camper top features windows you can open and close, and the playpen cover keeps leaves, twigs and other debris out of the boat. Our fiberglass runabouts come standard with a color-coordinated convertible top, and many models offer optional side and aft curtains, as well as bow and mooring covers.
Cross Channels
There’s no substitute for a strong foundation — and that’s what you get with our 8’ (or 8.5’) x 6’ x 1/8” aluminum hat channels. They are double through-bolted onto deck risers every 24” for exceptional support and structural integrity, and they actually double the amount of Z-channels used in other pontoons.

CONSTRUCTION FEATURES

**A Gates**
For maximum safety, you’ll find pinch-proof protectors and Posi-Lock® latches on the gates of all our pontoons.

**B Deck**
We have so much confidence in our floors that they carry a lifetime, transferable warranty. Every pontoon features 3/4” Marinestech PTP 7-ply pressure-treated plywood that won’t warp or rot. And the floor is securely through-bolted and screwed to the hat channels for a powerful hold.

**C Carpet**
Our seamless plush pile carpet (up to 32 oz.) is made of 100% U.V. stabilized polypropylene and has a five-year warranty. For extra durability, we bond it to the deck with marine adhesive and 200 lbs. of rolling weight, while stainless steel staples secure it to the perimeter of the deck.

**D Spacers**
Our pontoons feature 3/8” spacers between the fence bottom and the deck, allowing water to drain easily and cutting carpet drying time in half.

**E Fencing**
Your pontoon’s fencing is as attractive as it is durable, thanks to the .030 grooved aluminum panel, which are foam-backed to prevent rattling and feature supplemental cross members for added strength. Anodized railings serve to prevent the build-up of unsightly black residue.

**F Tube Construction**
Because so much is riding on the tube, we back ours with a lifetime warranty. Unlike other manufacturers’, our tubes are heavy gauge (1.00) with welded chambers to keep the pontoon afloat even if a section becomes punctured, and they feature rear anti-electrolysis drain plugs for easy draining. In addition, our air-filled tubes make the pontoon lighter, giving you more power and better fuel economy.

**G Nose Cone**
Our nose cone knives cleanly through the water, with two 13” fins deflecting water away from the boat, giving you a smoother, drier ride. The anti-puncture skid bar runs the entire length of the tube for added protection and steering control. And an extruded aluminum cap adds strength to the cone and protects you from sharp edges.

**“V” Transom**
Our all-aluminum “V” transom carries a lifetime warranty and is designed to reduce spray and prevent cavitations in turns. Fins work to provide the optimum lift for better water flow and faster speeds.

**Full-Length Keel/Skid Bar**
Our tubes feature a 1/2” aluminum keel running the full length of the tube. This provides maximum protection for the tubes while trailering and serves to deflect debris, enhance steering, and help prevent drifting.

**Aluminum Bottom Skin**
Select pontoons feature our aluminum bottom skin, for a smoother glide that helps your engine operate more efficiently and saves you fuel, even at higher speeds.

**Lounge Furniture**
The comfort and durability of our lounge furniture starts with reliable Rotocast bases which provide dry underseat storage areas. Our thick foam padding is treated with biocide, and our 30 oz. high-grade marine vinyl features a stain resistant topcoat that protects the beauty of the furniture for years to come.

NOTE: Because weight distribution is extremely important when operating a pontoon boat, passenger weight should be distributed evenly for best overall performance. Also keep in mind that a four-stroke engine is much heavier than a two-stroke engine, significantly increasing the weight load in the stern. Check with dealer for performance evaluation and weight differential for four-stroke and two-stroke engines.
SYLVAN WARRANTY

Sylvan warrants each new fiberglass hull for a period of five (5) years, from the date of purchase by the original purchaser (based on years of use under normal recommended operating conditions) as described in the warranty folder. A copy of the Sylvan Limited Warranty is attached to each new Sylvan boat or may be obtained from any dealer or the Sylvan factory.

A  Stringer System
The strength of the hull comes from our pre-assembled, interlocking stringer system, built with pressure-treated wood. It is thoroughly encapsulated in fiberglass and laminated to the hull with superior 2415 Fab-Mat for added reinforcement.

B  7-Layer Construction
All our fiberglass boats feature our exclusive 7-layer construction process. This begins with our superior hand-polished and waxed molds and continues through every detailed step to the final hand rolling, ensuring the elimination of unwanted air pockets.

C  Marine Gel Coat
For a high-gloss look that lasts for years, our fiberglass boats are finished with an ISO NPG marine gel coat that resists chipping, cracking and fading.

V210, V190, V170 & V160

Let it go to your head.
### V210 I/O, V190 I/O

**Standards**
- 2 - Captain’s Chairs w/Slider
- Bow Cushions
- Filler Bow Cushions
- Bench Seating
- Curved Walk-Thru Windshield
- Gauges
- Speedometer
- Tachometer
- Oil Pressure Gauge
- Temperature Gauge
- Trim Gauge
- Fuel Gauge
- Depth Gauge
- Horn
- 12 Volt Receptacle
- Tilt Steering
- CD Player
- In-Floor Storage
- Bow Storage
- ISO NPS Marine Gel Coat
- 7 - Layer Construction
- Carpeted Floor
- Stern Boarding Ladder
- 4 - Stainless Steel Cleats (Through-Bolted)
- Ski Ring
- 37 Gallon Fuel Tank
- Color Coordinated Top
- Port-Side Dash Cover
- Cup Holder
- Bilge Pump
- Navigational Lights

**Options**
- Mooring Cover
- Color
  - Blue, Red, Black, Yellow

### V190 I/O FISH-N-SKI

**Standards**
- 2 - Captain’s Chairs w/Slider
- 2 - Bow Seats
- Rear Sun deck
- Removable Sun deck Pad
- Bench Seating w/Storage
- Curved Walk-Thru Windshield
- Speedometer
- Tachometer
- Oil Pressure Gauge
